# ABOUT PORTIATE

Portiate is a family run yacht charter company that has been operating in Algarve, Portugal since 1996.

In 1996 José Taveira's love for sailing was the foundation for getting the company floating. Supported by his

wife Anna and their three sons, Portiate began chartering yachts in Algarve, Portugal's beautiful southern coast.

Over the years, the family has done it all, from customer service, marketing, sailing and maintaining the fleet.

"As a company, our main goal is to ensure that our guests have the best experience possible. We truly believe in customer satisfaction and that a personalized service is the best. We're all part of this wonder that is the Ocean and we want to share it with you."

# THE ALGARVE

Winner of the World Travel Awards for Europe's Leading Beach Destination in 2015 & 2016 Home to Portiate's yacht charter base (Portimão).

Here the sea and the tailwinds provide fantastic conditions for sailing that attracts enthusiasts from different parts of the world. Sailing the south coast is an amazing way to discover the Algarve: just plot a route, hoist the sails, cast off and set out exploring!

For those who love the sea, there's nothing better than cruising at the helm

of a boat and discovering the hidden coves between the dunes and the cliffs and the many deserted untouched beaches only accessible by boat. Diving in these waters, under the warm Algarve summer sunshine, is like being in paradise.

The winds blow here from a N/NW direction making our south facing anchorages ideal for an overnight or lunchtime stop.

With almost 200 km / 124 miles of coastline, great weather, calm waters

and 4 main modern Marinas, the Algarve is ideal for a sailing holiday experience. Seeing this region from the sea is something completely unique, with surprises at every turn. From the mountain hill tops of Monchique, the golden cliffs along the coast, to the dunes of white sand that frame the many beaches of the south of Portugal. There's great variety of scenery everywhere you look.

Main cities of the Algarve are Lagos, Portimão, Albufeira, Vilamoura and Faro.
